EDUCATION

KIET Group of Institutions – Delhi-NCR

Bachelor of Technology in Computer Science Engineering with AI and ML

CGPA: 8.2/10.0

Ghaziabad, India

2023 – 2027

TECHNICAL SKILLS

Programming: Python, C, C++ · **Data Science:** Pandas, NumPy, Scikit-learn, Statistical Analysis, Classification, Regression · **Machine Learning:** Deep Learning, Computer Vision, TensorFlow, PyTorch · **Cloud & AI:** AWS, Generative AI, Oracle ML · **Tools:** Git, Jupyter, VS Code, PyCharm · **Databases:** SQL · **Web Technologies:** HTML, Tailwind CSS, Reactjs, Nodejs · **Platforms:** LeetCode, Codechef

PROJECTS

HISAAB (AI-powered Expense Management Platform)

2025-Present

React.js, Node.js, Express.js, MySQL, Tesseract.js

- Designing a full-stack platform to automate bill tracking and expense management using AI.
- Developing OCR-based bill scanning with Tesseract.js for automated data extraction from receipts.
- Building a secure backend with Node.js, Express.js, and MySQL, featuring JWT and Google OAuth authentication.
- Creating APIs for real-time insights and integrating WhatsApp notifications for instant settlement updates.
- Setting up deployment pipelines to ensure scalability and continuous delivery.

DRiVE (Disaster Resilience in Virtual Education)

2025

React.js, Tailwind CSS, Hugging Face

- Collaborated in a 5-member team as lead for frontend development and AI integration.
- Developed the primary user interface using React.js and Tailwind CSS.
- Integrated a multilingual AI Personal Safety Assistant with JavaScript, Web Speech API, and Hugging Face NLP models.
- Enhanced accessibility and inclusivity by enabling real-time voice interaction across multiple languages.

CERTIFICATIONS

Career Essentials in Generative AI

Microsoft & LinkedIn

AI Foundations Associate

Oracle

Career Essentials in GitHub

GitHub

C++ Programming Professional Certificate

OpenEDG C++ Institute

Applied AI: Getting Started with Hugging Face Transformers

LinkedIn Learning

Introduction to Web Design and Development

LinkedIn Learning

ACHIEVEMENTS

- Secured 2nd rank in HackerRank programming contest
- Maintained 8.25 CGPA in Computer Science Engineering with AI & ML specialization (Top 15% of class)
- Solved 200+ DSA problems on LeetCode, and Codechef platform for competitive programming

ADDITIONAL INFORMATION

Languages: English (Fluent), Hindi (Native)

Focus Areas: Web Development, Artificial Intelligence, Machine Learning

Other Interests: Video Editing, Astronomy
